The Set Interval window appears.

Set HStart to 50, the LH Start value on the *x*-axis.

Set HStep to 10, the width of the columns.

Tap the DrawGraph icon.

Tap OK.

Tap and observe the frequency of the first class (50 – 60) is 2.

Now use the cursor key to move left and right through the histogram.

To close the graph window, Tap in the top right hand corner of the screen.
